

Providing PAF access to franchises, dealerships and similar groups

Guidance

- This licensing supports business models such as franchises and dealerships
- The End User takes full responsibility for the Closed User Group and ensures access to the Solution via a secure network
- The End User must have appropriate contractual relationships and business relationships with all members within the Group
- The Group must work to common methods and standards e.g. operating a franchise model under the same brand.
- The End User/Associate will provide products and services to a third party
- Multiple Residence & Not Yet Built is licensed in a similar way (additional fees apply)
